GENERAL INFORMATION

The **Livestock, Climate Change and Food Security Conference** will attract speakers and delegates from throughout the world and will provide a platform for discussions on the challenges faced by the livestock sector in an effort to efficiently enhance its contribution to sustainable food supply in the context of climate variability.

MAIN TOPICS

- Balance between animal food supply and demand over the course of the century according to a range of storylines;
- Impacts of climate change, including climatic variability and extremes, on livestock production and pastures;
- Emissions and removals of GHGs associated to livestock production systems and to grassland soils and their possible changes in the future;
- Adaptation to climate change of the livestock sector;
- Mitigation of GHG emissions from the livestock sector;
- Contribution of the livestock sector to global and regional food security.

SIDE EVENTS

Two post-conference workshops will be organised on the **21st of May**: a **workshop on Animal Health and Disease and GHG Mitigation** to be organised by the Joint Programming Initiative on Agriculture, Food Security and Climate Change (**FACCE JPI**) and a **workshop on Grassland Sensitivity to Climate Change** to be organised by the Grassland & Livestock group of the Agricultural Model Intercomparison and Improvement Project (**AgMIP**). These will be followed by the **3rd Annual Meeting of the European Project AnimalChange** (AN Integration of Mitigation and Adaptation options for sustainable Livestock production under CLIMATE CHANGE) to be held on the **22nd and 23rd of May (restricted to members of the AnimalChange project)**.

SCIENTIFIC COMMITTEE

Chair : Jean-François Soussana, INRA, France

Karen Beauchemin, *AGRICULTURE AND AGRI-FOOD, Canada*

Harry Clark, *AGRESEARCH LIMITED, New Zealand*

Hongmin Dong, *CAAS, China*

Pierre Gerber, *FAO, Italy*

Abubeker Hassen, *UNIVERSITY OF PRETORIA, South Africa*

Mario Herrero, *CSIRO, Australia*

Mark Howden, *CSIRO, Australia*

Andreas Jenet, *CATIE, Costa Rica*

Peter Kuikman, *ALTERRA WAGENINGEN UR, The Netherlands*

Philippe Lecomte, *CIRAD, France*

Silvia Silvestri, *ILRI, Kenya*

Frank O'Mara, *TEAGASC, Ireland*

Jørgen Eivind Olesen, *AARTHUS UNIVERSITY, Denmark*

Theera Tukwamsuk, *KASETSART UNIVERSITY, Thailand*

Joachim von Braun, *ZEF UNIVERSITY OF BONN, Germany*

ORGANISING COMMITTEE

Irina Carpusca, *INRA TRANSFERT, France*

Pierre Gerber, *FAO, Italy*

Peter Kuikman, *ALTERRA WAGENINGEN UR, The Netherlands*

Frank O'Mara, *TEAGASC, Ireland*

Jørgen Eivind Olesen, *AARTHUS UNIVERSITY, Denmark*

Jean-François Soussana, *INRA, France*

Cledwyn Thomas, *EAAP, Italy*

Supported by INRA and the AnimalChange European Project

PRESCHEDULE

Day 1

8:30 Arrival and registration

9:00 Welcome from UPM. Introducing the AnimalChange project and FACCE JPI (*Jean-François Soussana, INRA*)

9:30. Plenary Session 1. **Setting the global scene: livestock futures and food security under climate change**

- Key-Note 1.: **Food security: balancing access, supply and demand**
(*TBC: Gerald C. Nelson, University of Illinois*)
- Key-Note 2.: **Livestock in the XXIst century: storylines**
(*Confirmed: Petr Havlik, IIASA*)
- Key-Note 3.: **Climate change impacts and vulnerability for agriculture**
(*TBC: John Roy Porter, University of Copenhagen*)

11:15 Coffee break and poster viewing

12:15. Parallel Session 1a.: Food Security

12:15. Parallel Session 1b.: Climate Change

13:15 Lunch

14:15 Plenary Session 2. **Understanding the technical potential for mitigation and adaptation**

- Key-Note 1.: **IPCC, WGIII on animal agriculture mitigation potential**
(*Confirmed: Pete Smith, University of Aberdeen*)
- Key-Note 2.: **The complexity of system boundaries when it comes to mitigation measures**
(*Confirmed: Christel Cederberg, Swedish Institute for Food and Biotechnology*)
- Key-Note 3.: **IPCC, WGII on animal agriculture adaptation and vulnerability**
(*TBC: Mark Howden, CSIRO*)

16:00 Coffee break and posters viewing

17:00 Parallel Session 2a.: Mitigation options for livestock and grasslands

17:00 Parallel Session 2b.: Adaptation options for livestock and grasslands

18:00 End of day 1

19:00 Conference Dinner

Day 2

9:00. Plenary Session 3. **Framing the options: the farm and landscape scales**

- Key-Note 1.: **Integrating adaptation and mitigation in extensive grazing systems**
(Confirmed: Mario Herrero, CSIRO)
- Key-Note 2.: **Integrating adaptation and mitigation in intensive livestock systems**
(Confirmed: Frank O'Mara, Teagasc)
- Key-Note 3.: **Integrating adaptation and mitigation in household or small-scale livestock systems**
(TBC: Ken Giller, Wageningen University)

10:45 Coffee break and poster viewing

11:45 Parallel session 3a.: The farm scale

11:45 Parallel session 3b.: The landscape scale

12:45 Lunch

13:45 Plenary Session 4. **Framing the options: the national/regional scales**

- Key-Note 1.: **Economics of mitigation and adaptation and policy implications**
(Confirmed: Dominic Moran, SRUC)
- Key-Note 2.: **Barriers to uptake**
(Confirmed: Ana Iglesias, Technical University of Madrid)
- Key-Note 3.: **Policy analysis**
(Confirmed: Andreas Jenet, CATIE)

15:30 Coffee break and poster viewing

16:30 Session 4a.: Policy and economics

16:30 Session 4b.: Social and behavioral changes

17:30 Plenary Round Table: **Addressing options and policies**

- Key-Note : **Introduction to options and policies**
(Confirmed: Cees de Haan, World Bank)
- Round Table

18:30 Concluding remarks

19:00 End of meeting

INSTRUCTIONS FOR ABSTRACTS

ABSTRACT SUBMISSION DEADLINES

January 28th: Opening of abstract submission and conference registration portal

March 1st: Abstract submission deadline

March 15th: Abstracts reviewing results notification

CALL FOR ABSTRACTS

The Scientific Committee of the Livestock, Climate Change and Food Security Conference invites presenters to submit abstracts for the conference under the topics indicated.

The abstract submitters will have the opportunity to present their abstract during the conference either as poster or as oral presentation. Abstracts are now accepted online and should be submitted as per the prescribed template in the website. The deadline for submission of abstracts is 1st of March 2014. On the 15th of March 2014 notification of acceptance will be sent via e-mail to the corresponding author.

CONTENT

Abstract submitters should ensure that their abstracts provide sufficient detail so that reviewers will be able to fully evaluate the author's work, research design, data, analysis, and results. Abstracts can either be submitted for a **10-minutes oral presentation** or for **poster** presentation and should be relevant to at least one of the following **four themes** of the scientific programme:

- **Global and regional scenarios**
- **Mitigation options**
- **Adaptation options**
- **Combining the options: farms, landscapes and policies**

Abstract submitter should identify the proper theme when submitting an abstract.

FORMAT AND SIZE

You will be requested to enter your abstract information into a text box provided by the online submission system.

The maximum number of words allowed per abstract is 400.

No graphics, tables, images or references should be inserted.

Acknowledgement (if any), should be entered at the end of the abstract (in the same text box).

ABSTRACT SUBMISSION MODALITIES

The opportunity to submit an abstract for consideration is available only to those who plan to attend the conference for educational and networking purposes, irrespective of acceptance of an abstract. **Therefore abstracts can only be submitted after creation of a conference registration profile.**

> [REGISTRATION AND ABSTRACT SUBMISSION INFORMATION](#) < see 'registration and submission' section

ABSTRACT PRESENTATION METHOD

The preferred method of presentation should also be selected during the on-line submission process by selecting one of the following:

Oral Presentation Preferred / Poster Presentation Preferred / No Preference

However, the Scientific Committee may, after reviewing abstracts, elect to assign an abstract to a different theme or presentation method that it deems more appropriate. Generally, the most relevant abstracts will be given an option for oral presentation. All others will be proposed for poster presentations at the poster sessions. However, the Scientific Committee has the possibility to reject abstracts that do not comply with the conference topics or which lack scientific soundness.

REVIEW AND SELECTION

Abstracts submitted by the deadline will go through a peer-review process carried out by the Scientific Committee of the conference. Final outcome of the review process will be discussed by the Scientific Committee. The Scientific Committee reserves the right to reject for presentation any abstract that does not meet content or presentation expectations (lack of detail to clearly convey the approach and the results of the research, no new research/development content,...).

The most relevant abstracts will be considered for oral presentation. If the preferred method of presentation has been indicated as being poster, the organisers will approach the contact person to ask permission before assigning the abstract to an oral presentation session. The other accepted abstracts will be assigned to a poster session.

ABSTRACT ACCEPTANCE

Notification of acceptance and presentation details will be sent to the corresponding (contact) author by the 15th of March. Please note that **only the corresponding author will receive notifications** concerning the abstract and is responsible for informing all co-authors of the status of the abstract.

NEXT STEPS

Oral presentations: If selected for oral presentation, only the presenting author (indicated as such during the submission process) may present at the conference and be listed in the conference program. Contributed papers are given 10 minutes for presentation plus 3 more minutes for discussion.

Audiovisual Guidelines: Each oral presentation session room will be equipped with a complimentary PC-compatible laptop, LCD projector, screen, and lectern with microphone. Please note that overhead projectors and laser pointers will not be provided and internet access is not guaranteed.

Poster sessions: If selected for poster presentation, the abstract submitter must be the presenter at the conference. Other authors on the poster may be listed in the conference program. Authors of abstracts assigned to poster sessions should make sure that the title and content of their posters correspond to the title and content of the abstract and that poster size is A0 – nominally 90 cm wide and 120 cm high (35.4" x 47.2"), in portrait format (no landscape). Poster presenters are responsible for setting up and removing their poster before the poster session to which it has been assigned.

Authors should stay with their poster during the poster sessions indicated in the conference program.

PUBLICATION OF ACCEPTED ABSTRACTS

Accepted abstracts will appear in their full form in the abstract book, as well as on the conference website. The abstract book will be distributed onsite to delegates.

Abstracts accepted for presentation may also be published as supplement to a Journal. Additional information concerning abstracts' publication will be provided later.

REGISTRATION AND ABSTRACT SUBMISSION

IMPORTANT DATES

January 28th: Opening of abstract submission and conference registration portal

March 1st: Abstract submission deadline

March 15th: Abstracts reviewing results notification

March 31st: End of early-bird registration

April 28th: End of registration

REGISTRATION FEES

Early Regular: 320 € incl. VAT, until 31/03/2014

Early Students: 200 € incl. VAT, until 31/03/2014

Late Regular: 350 € incl. VAT, until 28/04/2014

Late Students: 230 € incl. VAT, until 28/04/2014

Participation to the Gala Dinner (on the 19th of May): 40 € incl. VAT

3rd AnimalChange Annual Meeting (22&23/05) is reserved to members of the AnimalChange Consortium.

Please read the [abstract guidelines](#) before submission.

If you have any problems registering, please contact: alice@plumesciences.fr

REGISTER : <https://webistem.com/bin/IA/inscr?lang=0&ref=INRA/12>

SUBMIT AN ABSTRACT (Registration number required) :
https://webistem.com/bin/usrlogin_animalChange2014

ABSTRACT SUBMISSION MODALITIES

Step 1: registration

Sign up Instructions:

- All first-time users will have to register to the conference prior to submitting an abstract
- Click on the “Register” link above to do so
- Then complete the online registration form
- Upon registration completion, an e-mail will be sent to acknowledge registration with a web confirmation form with necessary payment instructions. The e-mail will contain a Registration Number to be used for abstract submission.
- Only then, participants wishing to submit an abstract will be able to do so.

Step 2: submission

All abstracts must be submitted in English only electronically using the on-line form available on the Abstract Submission page (see above). Please complete the requisite fields in the on-line form by following the step-by-step instructions on the template. The Registration Number received with the registration confirmation e-mail will be required.

It is important that a valid and current e-mail address for the presenting and contact authors be entered during the abstract submission process and that e-mails from conf-accelerator@webistem.com are not considered as spam by the e-mail provider associated with this e-mail address.

If your registration and submission do not transmit properly, please review the page to be sure that you have filled in all of the required fields on the form.

Please submit the abstract only once and wait for the e-mail confirming your submission. If such advice is not received, the corresponding author should contact alice@plumesciences.fr to ensure that it has not gone astray.

Deadline for abstract submission should be **strictly followed**.

Because major revisions may affect a symposium organizer's decision to accept your abstract, **please review it carefully before submission**. In the unusual circumstance of having to revise your original abstract, the online submission center enables authors to revise their abstracts up to and including the submission deadline of March 1st.

To promote participation of a wide range of presenters, **individuals are limited to 1 abstract being submitted** that indicates they have a presenting role. Under particular circumstances a second poster slot may be offered, but the justified request must be sent by e-mail to irina.carpusca@paris.inra.fr before the 21st of February 2014.

ANIMALCHANGE MEETING

The 3rd Annual Meeting of the European Project [AnimalChange](#)* (AN Integration of Mitigation and Adaptation options for sustainable Livestock production under CLIMATE CHANGE) will be organised on the **22nd & 23rd of May**.

This meeting will be the opportunity for AnimalChange partners to discuss relevant results achieved since the project start in March 2011, expose drawbacks and propose solutions and future project orientations.

***Please note that only members of the AnimalChange Consortium are entitled to participate to this internal project meeting.**

CONTACTS

Questions about your registration: alice@plumesciences.fr

Questions about your presentation: irina.carpusca@paris.inra.fr

CONFERENCE VENUE

The conference will take place at **Hotel Miguel Angel, in Madrid, Spain**.

More information about the venue: <http://www.hotelmiguelangel.com/index.php/en/our-hotel>

Address

29-31 Miguel Angel (on the corner of José Abascal and Pº de la Castellana)
28010 Madrid – Spain

Map and access instructions

<http://www.hotelmiguelangel.com/index.php/en/location>

ACCOMODATION

Please notice that each participant should make his own reservation.

HOTEL MIGUEL ANGEL (the same hotel as the conference venue) – deadline 19th of April 2014

130 rooms are pre-booked at hotel Miguel Angel***** (100 standard rooms + 30 Royal executive rooms) for Livestock, Climate Change & Food Security Conference's (and side events) delegates.

Types of available rooms and associated special rates:

- | | |
|--------------------------|----------------|
| • Standard single | 120€ + 10% tax |
| • Standard double | 130€ + 10% tax |
| • Royal executive single | 145€ + 10% tax |
| • Royal executive double | 155€ + 10% tax |

If you wish to book one of these rooms, please fill in the [Booking form Hotel Miguel Angel](#) (page 10 below) and follow instructions (booking forms are to be sent to: reservas@hotelmiguelangel.com or reservas2@hotelmiguelangel.com).

Any reservation after 19th of April, 2014 will be on request, subject to the Hotel's availability. **Cancellations** from 5 days before the arrival will be penalized with the charge of one night of stay. **No shows and early checkouts** will be penalized with the total of night reserved.
